

Transfer of Education Records:

To protect your child's privacy, schools are generally prohibited from disclosing personally identifiable information about your child without your written consent. Exceptions to this rule include: · disclosures made to school officials with legitimate educational interests; · disclosures made to another school at which the student intends to enroll; · disclosures made to state or local education authorities for auditing or evaluating federal- or state-supported education programs, or enforcing federal laws that relate to those programs; and · disclosures including information the school has designated as "directory information." Under the Family Educational Rights and Privacy Act (FERPA), school officials may disclose any and all education records, including disciplinary records and records that were created as a result of a student receiving special education services under Part B of the Individuals with Disabilities Education Act, to another school or postsecondary institution at which the student seeks or intends to enroll. Upon request, the Omak School District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
