

# September Board Et Community Report

EAST OMAK ELEMENTARY

SEPTEMBER ENROLLMENT: 343

3rd Grade: 107

4th Grade: 130

5th Grade: 106

Attendance Percentages (Sept. 1 - 16):

Present: 84.2%

On Time: 98.5%

## EAST BACK-TO-SCHOOL NIGHT

## 3RD GRADE STEM: SAVE FRED THE WORM!

This was a fun, hands-on activity where the students had to save Fred the worm from falling into the "water."

## WORDS MATTER IN THE 4TH GRADE

4th Graders in Mrs. Omer's class learned about how words matter. They worked in teams to empty out a toothpaste tube. They were then given toothpicks and straws and the challenge to put the toothpaste back into the tube. This lesson helped students see how our words are easy to spit out, but much harder to take back.

## READING & VOCABULARY DEVELOPMENT IN MRS. KIEHN'S 3RD GRADE CLASSROOM!

## EAST SCHOOL GARDEN IS IN FULL BLOOM

East continues to partner with the Okanogan Conservation District to bring our garden to its full potential! The Okanogan Conservation District was awarded a USDA Farm to School grant to support school gardens in Okanogan County. The proposed project will expand agricultural education, develop STEM curriculum, and expand local food procurement efforts. To accomplish these goals, a portion of funds is allocated to Okanogan County school gardens. East's school garden will receive \$2,142.51 this year to expand future goals and sustain current projects. We are very grateful for this support and collaboration!

## WALMART COMMUNITY GRANT REWARD

Late last spring, East was awarded a Walmart Community Grant in the amount of \$1,000. Funds were used to purchase Native American fiction and non-fiction texts for classroom libraries. Grade levels will receive four-to-six consistent titles for each classroom. We are grateful for this opportunity to have more inclusive literature in our classrooms.

## 4TH GRADE SELF-PORTRAITS AND BIO-POEMS

COOKIES FOR THE WIN!!

Our Attendance Secretary Mrs. MacDonald and her mom made 60-dozen cookies for students and staff as an incentive to bring back our back-to-school information packets! It worked! We have 80% of our packets returned which is much greater than years past! Thank you, Mrs. MacDonald for rewarding our kids with delicious cookies!
